“ *I am so very sorry for your loss. I fondly remember Rick as a great athlete and one who I looked up to as a youth in Dupont. The Miller brothers, Rick and Robert were superb athletes who very much admired and respected their dad, and their elders. These values along with Rick's determination and sense of family unity were evident by the numerous expressions of sympathy and condolence. His family can surely look with pride at his accomplishments both personally and professionally. Well done Rick!*

“ *Dr. Miller was a wonderful person and friend. During my time working in the Allied Hand Building, I had the opportunity to see Dr. Miller's funny side. He would often pop his head in my door and tell me that he had a joke to share. He would get so tickled that sometimes he couldn't tell the joke without laughing to the point of tears. I can hardly remember a time that I didn't see him chewing gum and asking me 'What's the word?'. There was never a dull moment when Dr. Miller was in the room and he will truly be missed!*

“ I have known Rich since 1996 when he became the Program Director at SWGTC (actually, he took my place.)I had offered to give the MLT students a tour of FDLE and he took me up on it - every year for the past 14 years! It was always a pleasure to see Rich and give a tour to him and his students. He was such a funny guy. The world has lost a fine man and by reading the other tributes, I can gather what a great friend and mentor he was to everyone. I am so saddened by his loss. My thoughts and prayers are certainly with his wife, son and daughter. Your husband/father lived a great life. God bless.

“ Dr. Miller had an impact on so many lives through his endless passion for teaching. He loved his students and would go above and beyond to help them succeed. I worked side-by-side with Dr. Miller for several years as he taught me the ins and outs of clinical laboratory education. He was instrumental in establishing the Clinical Laboratory Science Program at Thomas University while maintaining a successful program at Southwest Georgia Technical College. He was my mentor and friend and will forever live on in the lives of the countless MLT graduates who now have successful careers because of him. Future students will benefit from his dedication to the profession. Thank you Dr. Miller for getting me started on my career path. I will continue to carry the torch you passed on to me. My prayers are with your family now and always.

“ He will be greatly missed at the College. His untimely passing has left a huge void in our lives; very big shoes to fill. Susan, Chris, Lindsey and other family members, you were his life and he beamed whenever he talked about you. He was a good friend and a great neighbor on our hall. I will miss his talks. We thank the good Lord for allowing our paths to cross. You are all in our prayers.

“ Dr. Miller...this is soooo hard.
But I know you are in a better place. May you REST IN PEACE.

Mrs. Miller, Chris, Linsay & Family.... he loved you all so dearly. He showed and expressed it constantly while at work.

I will truly miss him as well as his laughter, emails, and office conversations.

Take Care,
April

“ DR. MILLER HAD THE BEST SENSE EVER. HE WAS ALWAYS JOLLY & TOLD MANY FUNNY STORIES & JOKES JUST TO MAKE OUR CLASS LAUGH. ONE OF MY FAVORITE QUOTES OF HIS IS "LET'S GO PUT THE FEED BAG ON!", WHEN IT WAS TIME TO BREAK FOR LUNCH. HE WAS NOT ONLY OUR TEACHER, BUT HE WAS ALSO A WONDERFUL FRIEND. HE WENT ABOVE AND BEYOND TO HELP HIS STUDENTS, BECAUSE HE CARED ALOT ABOUT US. HE WAS TRUELY AN ANGEL HERE ON EARTH & WE WILL ALWAYS KEEP HIM IN OUR HEARTS. WE WILL MISS YOU DR. MILLER.

“ Enough words cannot be said describing what a great human being this man was. He was the nucleus of our family and we loved to be around him. His kindness and humor were unforgettable. He accepted everyone's problems and worked to find a solution to them. His family was his life. He had the most ambition of anyone I know. Failure at anything was not an option. "There was always a way", he would say. He was the family crutch. He was the problem solver. He enjoyed happy occasions with his family and his sessions at the dinner table were infamous. His sudden passing has created a hole in all of our hearts. He was taken from us too early. I guess there was a problem to solve or someone needed help in another place. He was the right man for the task. Our lives will never be the same without him and he will never be forgotten. He was my hero, my strength, my guidance, and my buddy. He was my blood. He was my only brother. Rest in peace Professor. I will love and miss you forever. Until we meet again, your loving brother, Robert "Clem" Miller; The other half of the Miller Boys, and his wife, Cindy.

“ I am so sorry for your loss. Dr. Miller was an awesome instructor, my mentor, and my friend. I don't know how I could have made it through my first years of teaching without him. I owe him a debt of gratitude for everything; I would not be where I am in my career without his teaching, his encouragement, and his friendship.
