“ During high school I often sat close to Richard since we was in alphabetical order. He was always so quiet and smiling. I remember often asking for help and he would smile at me and walk me through whatever the problem was. Richard and I were never really close be he always made you feel special with his smile. Through the last couple of years I would see Denise and we would often talk about Richard and his battle. He always stayed cheerful as Denise told. Denise has been very strong for him and with him. I know the family is hurting and I will pray that you have peace knowing God has taken him Home and there is not more pain or sorrow. Though we will miss his smile, Richard is Home and Smiling once more free of pain. Denise I will be here if you need me. You know how to find me.

“ *Mr. Rowley, I did not have the pleasure of meeting you myself, although I do work side by side with your son Nathan. I have no doubt you have always been very proud of him. Please know that you have done an amazing job raising him, and although you won't physically be here, know that we will watch over him in your stead. Continue to look down and watch what an amazing man he will continue to be. Fair winds Sir*
