“ God Love You Shipmate??..as your family and Shipmates can attest, they don't make ?em like you anymore??. Bobby, you were, and still are, an inspiration to all of us who had the great pleasure of coming in contact with you and your lovely family. My Michele and your Louis, my Kelly and your Angie, were all quite the little runts when we lived in MenRiv while stationed at NSGA Charleston in the late 70's and early 80's. While our careers took us in opposite directions after that, until we hooked again for a short time at Pearl before you guys had to depart for Philadelphia and Louis' liver transplant, we never grew apart....Shipmate, I am gonna miss that "squirrely" laugh of yours, and that wheezing I first heard when you and I would do our 3 mile runs there in MenRiv. If you remember, when I heard it, it scared the daylights out of me and I was gonna stop at the first house to call for the Corpsman, as I thought sure you were having a serious asthma attack. You just laughed and told me, "You ain't heard nothing yet," and kept right on running....Yep, gonna miss you Shipmate; just as I still miss Muff, and Muff departed on Eternal Patrol in the early morning hours of Wednesday, 23Jul08.....You and Louis and the rest save me and those still here a seat at the table?...Love you Bobby, Chuck.....HAND SALUTE; READY, TWO??SAILOR, REST YOUR OARS
