“ Life

*Some are short..
yet some are long..
mine is distorting..
yet like a song..
i dont think its gonna last..
i dont think its gonna stay..
you lived life your way..
say it here..
say it there..
maybe that will change the way..
the way you lived your life one day..
maybe it will turn around..
then be full of sound..
turn it up loud..
live proud..
live long..
play the song..
have pitty..
stay strong..
hit it high..
hit it low..
its a pitty it was your turn to go..
be proud..
it was your turn..
it was part of the circle..
it was life..*

I WILL ALWAYS LOVE YOU DADDY!!

“ I will always have your memory at heart; and will miss being able to talk with you. It was too bad that we didn't live closer so that we could see each other more often. But the time we did have was special to me. Remember that we are still sisters forever (don't let go of your charm) Love Always Your Sister Betty (BJ)

“ The Albany Lions Club members express their deepest sympathy to the family of Rodney Oliver. Rodney was a blessing to the ones he helped with at the Lions Learning Center and his presentations to the club.

Sincerely,
Albany Lions Club

“ On behalf of our entire Assistive Work Technology Program, we want to express to the family our deepest, most heartfelt sadness. We had just begun to get to know Rodney this past year, and he was an active participant at our meetings. We will sorely miss him and all he brought to our team. His sense of humor was infectious, and he always had great ideas and contributions.

With deepest sympathy and fond memories of a fine man.

Joy Kniskern

“ I recently became one of Rodney's students. I am deeply saddened by the news of his passing. Rodney was a great help to me in learning to use the special tools that I need to continue my education after being declared legally blind. He indeed brought new and renewed goals for my future. He was a great inspiration to me. We also enjoyed our mutual love of 80's music which we would listen to softly in the background during our training sessions. I only knew him briefly but I will never forget him. His kindness and sincere concern has touched my life forever. My thoughts and prayers go out to his family during this time of great loss. “ I am thankful for the opportunity to work with Rodney as we provided assistive technology training and support to VR clients. We spent many hours together troubleshooting computers and convincing our clients not to throw the computers out the window! We are so saddened by this loss. We will miss Rodney's smile and sense of humor. I hope the family may find comfort in legacy Rodney left behind of the many lives that he touched. God Bless.

“ Dear Family
I had the pleasure of working with Rodney in the Assistive Technology program. I admired and enjoyed his kindness, laughter and compassion for others. I sincerely regret the loss of his passing.
sincerely, P. Ward

“ I remember Rodney when he was a student here at Darton. He used to come into the Writing Lab where I work. It was my privilege to work with him and help him with his English classes. One day I was walking down the hall with and chatting. He amazed me when he said that he did not realize that I was so short. I aksed him how he knew that, and he said he could tell by the direction my voice was coming from. Every time I saw Rodney on campus, I would speak to him. He would always respond by using my name. Our family will be remembering you during this time.
