“ *Ron, you will be missed by the Trice family. You are the one that introduced my boys to fishing when they were just 4 & 5 years old, which they still remember 20 years later.*

“ *Ron was our friend for over 35 years. He had the place adjoining ours at St. George Island. We so enjoyed Marge's visits and fishing with her. We've loved our many visits with Vivian and enjoyed being with Barb and Mike. We've hated to see him losing family and friends, especially Bill. We've enjoyed parties with Ron and the various ladies in his life. Ron was so blessed to have Jon in his life for many years and to help him and look after him when he needed it. He was one of our dear long time friends. We loved him so much and will deeply miss him.*
