“ *I am especially blessed that one of the most genuinely kind and loving people I have ever known was also my Grandmother. Although the physical distance between us was great in the past several years, we talked regularly and I am thankful that we continued to be very close even after I moved away.*

My wife Yvonne and I are also inspired and thankful for the heartfelt love she expressed for our children Alina and Tom, even though she unfortunately was never able to meet them.

Mama had a very positive influence in my life generally but especially during my tumultuous teenage years, and I am a richer person for having loved her and having been loved by her. I will miss that love, and her wisdom and advice greatly.

“ We extend our deepest sympathy on the loss of your mother. Mimi always treated us like part of her family. Our parents were good friends even after we all moved away. The last time I was in Albany we took her out to lunch and talked about old times. She was and is a gracious lady who will be missed by all.

“ Mimi will always be in my heart and a big part of my life. For 42 years she was there for me and my family. When I would come down to Albany to visit Ross I would stop in to see how Mimi was doing. She was a big part of my life and will miss her very much.
