“ *I was shocked to read of Kerry's passing in the Herald last night. We got to see each other at the Pelham High School class reunion 4 yrs ago. I am so glad to have been able to spend time with him. We were good friends in high school. My thoughts and prayers are with you all. Know that he was a very special person and he always made me laugh. I wish I could be there today.*

“ *My prayers are with you. I loved the memorial message -- those words are so true. I went to school with Kerry and Don in Pelham. Memories are built around everyday things that go unnoticed at the time but come back to us when we least expect it. I know you are so thankful for the wonderful memories you have.*
