

William A. Aultman, MD

November 22, 1954 - September 6, 2018

Dr. William Andrew Aultman died peacefully in the presence of family in Chattanooga, Tennessee, on September 6, 2018, at the age of 63, leaving this world better than he found it.

Born in Albany, Georgia, to Ina Ruth “Doof” and Andrew James “Bo” Aultman, he was the younger brother of Zack and Mitch. He grew up in Sylvester, Georgia, and was a graduate of Worth County High School. Will went on to graduate with honors from Valdosta State and the University of Georgia with degrees in biology and agricultural economics where he was also a member of the Sigma Alpha Epsilon fraternity. He finished medical school at the Medical College of Georgia and went on to complete his residency in Obstetrics and Gynecology in Augusta. Known for his kind and caring bedside manner, he returned to his roots in South Georgia, where he began a private practice as a board certified OB-GYN with Klemann, Ricketson, Aultman, and Sewell in Albany. In 1996, he joined the practice of OB-GYN Associates at the Veranda, where he served his patients until his retirement in 2012. Will’s professional affiliations included being a fellow in the American College of Obstetrics and Gynecology, and a member of the Georgia Obstetrical and Gynecological Society, the Medical Association of Georgia, and the Dougherty County Medical Society. During his medical career, he also served as the Vice President and Secretary of the Medical Staff at Phoebe Putney Memorial Hospital, as well as Chairman of the Department of Obstetrics and Gynecology.

Will was a lifetime student of medicine, family, animals, and life. With his hands, he delivered thousands of babies into the arms of parents and healed the lives of countless women. With his mind, he devoured thousands of books and was a seeker of knowledge. With his heart, he gave to his family love, stability, and education.

Will's heart was captured by his loving and devoted wife of 22 years, (Clara) Drew Gunnels. Their love brought Andrew into the world, joining his two older brothers, Hilsman and Jordan Knight. Will's love of world travel, animals, medicine, hunting, and reading, though passionate, was secondary to his love for Drew and his three boys.

Six years ago, Will was diagnosed with the neurological disease Corticobasal Degeneration. Despite the challenges of the disease, they never tarnished his perfection of manners and grace as a true southern gentleman. He rescued what became his loyal canine companion, Annie, and continued to demonstrate the love and compassion to her that he had shown his family, friends, and patients.

In the last years of his life, Will continued to exhibit poise, grace in adversity, and good humor. His spirit will continue to live on in all of us who love animals, tend the sick, extend courtesy, read a good book, ponder the hard questions, have a good laugh, and love our families. He leaves behind a legacy of a life well lived as mentor and a role model to his family, friends, colleagues, and patients.

Will was preceded in death by his father, Andrews James "Bo" Aultman, and his mother, Ina Ruth "Doof" Aultman. Survivors include his wife, Drew Gunnels Aultman; sons, Hilsman Knight, Jordan Knight (Kristen), and Andrew Aultman; his brother, Zachary Aultman (Debi); his sister, Mitchelyn Aultman; his stepmother, Sarah Enid Aultman; stepsister Laurel Bradshaw (Gayle); stepbrother Lanier Bridges Jr. (Diane); and numerous nieces and nephews. Albany First United Methodist Church will host his memorial service on Friday, September 14, at 4 p.m., with the Reverend Mike McAfee and the Reverend Jack Kale presiding. A visitation will follow the service. In lieu of flowers, those

desiring may make donations to St. Jude's Children's Hospital, the Albany Humane Society, or the Chattanooga McKamey Animal Center.

You may sign our online guestbook and share your own special thoughts with the family of Dr. Aultman by visiting Kimbrell-Stern's website at www.kimbrellstern.com.

“ I am saddened to hear of Dr. Aultman's passing. He was my doctor for many years. His compassion and kindness is unmatched. I was overseas when I learned of his retirement and I couldn't dream of choosing another doctor. I've often spoken to others about his excellent bedside manner. He had a way of making you feel at ease and lifting your spirits. What a great doctor and amazing person. I will never forget him. I pray that his family take consolation in knowing that he brought comfort, peace, and kindness to others.

“ I am sad to hear that Dr Aultman died. I will remember him as the most genuine, most caring and most gentle surgeon I have ever known.

Knowing & working with him had a profound affect on me. He consistently demonstrated that it really is about his patients.

What a loving human he was to all of us. I thank God for his life; he lived it well.

I want his family to know that his life mattered to me. I send my hug to you guys.

“ *I knew Will, when we were students at Valdosta State together in the 1970s. We would have coffee at the Student Union, and talk about our career plans. At one point, he had wanted to become a vet. There was a vet in his hometown that he greatly admired. The vet was on his way to work one day, when he saw a dog that had been hit by a car, but was still alive. He stopped and picked it up and took it to his office. He could have just euthanized it, but instead he operated and put a rod in either its back or its leg, and the dog recovered. That act of compassion had a profound effect on Will. Even in his early twenties, he believed that life should be about service and commitment to others. He certainly demonstrated those beliefs in his life, and his career.*

“ He was such a wonderful person, a great doctor and it breaks my heart to hear of his passing just now. I had moved to Albany Georgia just a month before having my son and he was my doctor, who delivered my healthy 7 lbs 20 oz. baby boy. My son was born in August 2010 via. c-section delivery. In my heart I know he helped many women. I'm glad he got to be mine and my son's labor and delivery doctor. He touched my heart and he will forever have a place inside it.. <3 God bless his wife and family. I know it's been awhile since he passed away, but was wondering how he was and just found out he left his early home. If I ever have another baby I hope I find one almost as great as Doctor Aultman.

“ After I had surgery for acid reflux, I woke up in my room with Dr. Aultman checking my chart. I said something like, "WOW, they must have really messed up my surgery!" He said he had seen my name on the surgery board and stopped by to check on me. He delivered my first child and guided me thru my second pregnancy all the way to the delivery, NEW YEARS DAY, the ONLY day he had off! I enjoyed knowing him and loved having him as a wonderful, caring doctor. I'm so sorry for everyone's loss.

“ Along with many others, for years I have had tremendous respect for Will for his "never give up" mentality, his mark in the Medical Field and his love of his family & friends.

As a Worth County High School friend, with memories at Lake Blackshear and his barefoot skiing, to the Sylvester Skating Rink and his fancy skating moves, his perfectionism was obvious at a young age. I went to my first PROM with Will and have fond memories of his high character and respect he always gave me and each of his friends. It was obvious he had a deep longing for a tremendous love he found in Drew.

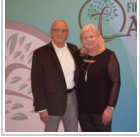

So many have been blessed to know Dr. Aultman and our prayers will be with his family & friends in their great loss. He will be forever remembered as a great friend who dedicated to his life to great things.

Dr Aultman was the BEST!!! He became by ob/gyn in 1988 and delivered my youngest daughter via c-section due to an emergency. He was so calm and caring and helped relive my fear of losing my sweet girl. Thanks to him, she is still here and now pregnant with her first little one. He took care of me, so may times, through the years when he was next to Phoebe and then at the Veranda. I missed him dearly when he had to stop practicing. My heart is saddened to hear of his passing. My thoughts and prayers are with you all.

“ If I had to describe an excellent doctor and friend, I would immediately describe Dr. Will Aultman! I was his patient for many years, and I grew to love and respect him immensely! I watched him grow up in Sylvester and realized there was something special about him. So when he came to Albany to practice medicine, I knew I wanted to be his patient. The same kind, laid back manner I saw in him as a young man was brought into his medical practice. I received the best possible care from him. When he was forced to retire, I thought my heart would break. I wanted to help him as he had helped me so many times. Although I have been forced to see other doctors, there will never be another Dr. Aultman in this lady's heart! It was very evident that he loved his family so I send love and prayers to all of them!

“ I had a very complicated pregnancy and unfortunately, my doctor had a prior commitment when it came time for my daughter to be born. She was arriving 7 weeks early and I had been trying to have her through induction for over 3 days. Dr. Aultman and Sharon were on call the day she was born and I was terrified. They were both very kind, well mannered and spoke to us in a way that provided us peace of mind. He didn't seem to be stressed, so I didn't stress. Sorry to hear of his passing- thankful for his years of hard work delivering many babies and caring for their mothers.

I enjoyed working with him at OB/GYN Associates from 1997-2003 and had the honor of being part of the team that helped deliver his precious son, Andrew. “ My heart is saddened with the passing of Dr. Aultman! Around 1988/89 was my first office visit. He had such a way about him that made you feel of utmost importance. Even though there were many patients waiting to see him, again he always had time for your every concern!!! He never cut you off or rushed you. That always meant so much. He was my doctor with all 4 of my children. He delivered our stillbirth and even then, his compassion never waived! He was truly a class act!! My youngest child was born in 2011. By this time he knew our whole family including my husband's name when we would come in for visits! There will never be another Dr Aultman!!! I'm so thankful I had the privilege of knowing him!

Our prayers are with you all during this difficult time! May God's peace wrap you up. Lean on His arms and allow Him to carry you. God bless!

I had my hands full with a seven year old and a two year old. The two year old was tired and cranky after traveling all day. Dr. Aultman was so kind to entertain my two year old and calm him during that flight. He was also one of my doctors when I was pregnant with my youngest son. He was fabulous!! “ *I was so saddened to hear of Dr. Aultman's passing. I was lucky enough to be one of his many patients. In 1996, I had a miscarriage at 21 weeks. He was the doctor I saw that day and broke the news to my husband and I that our baby no longer had a heartbeat. He was so gentle and kind and I saw tears in his eyes. I will never forget that sweet, kind side of him. He helped us through such a sad time. Two years later, when I gave birth to my son. he came by the hospital to see me, even though it wasn't his day to make rounds. He heard I had had a rough birth and he just wanted to check on me and to see my rainbow baby. My thoughts and prayers are with his family, friends, and other patients at this sad time.*

*Drew, I'm so sorry to hear of you and your families loss, Will was my gynecologist and before coming to him I had lost a baby full term. It had broke my heart. But with Will's guideeness, Scott and I had a sweet baby girl and 5 yrs later a sweet baby boy. Will had the best way of making you feel important and that he truly cared about you and your baby.
May God bless you and your family with his peace and comfort in days to come.*

“ *Dr. Aultman was a GREAT physician. His bedside manner was not to be rivaled with. I had a very complicated delivery, & he came to assist. I had not met him prior to my labor, but he spoke to me & treated me as if I was one of his long time patients. I am forever, so very grateful to him. I was so sad to hear of his retirement & I am now even sadder to learn of his passing. My thoughts and prayers are with the family.*

“ Dear Drew and Andrew, I am so sorry for your loss. I loved knowing him and having him as my doctor for about 25 years. He was kind, compassionate and had the best bed side manner of any doctor I ever met. When Jackson was born, I believe it interrupted a date with you, Drew. I remember his shirt getting messed up and feeling bad about it because he was dressed up for you. Andrew he and I talked every year about you and Jackson Eubanks (my son). We talked about what y'all were doing, playing, learning, etc. He was very proud of you. Please accept my condolences.

“ Dr. Will Aultman was a great example of a fine man and empathetic physician. He was my dear friend and I will never forget his kindness to others. He brought my beautiful granddaughter Lillie into this world and loved my daughter Laura so that made him perfect with me. He will be truly missed by many and always remembered with fondness. “Go rest high on that mountain...son your work on earth is done.”
