“ *Dr. Bays had been my dentist since I was around 4 years old and lived close to where I grew up in Albany. His daughter later became my dentist and I will never forget his kindness and patience with me all my life. My deepest sympathy to all of his family at his passing. I just read about his passing online and I would like to remember him with a memorial. Sincerely, Susan Swink*

“ Dr. Bays was a very special person. He kindly opened his home to me when I visited him in the mountains with his son, Larry. He treated me like I was family and I cannot begin to explain the hospitality he and his wife showed me. They are both very special people.

“ Please accept my deepest sympathy on your loss. Dr. Bays was a very sweet man. He became my dentist when I was about 4 years old. I was never afraid to go to see him since he went to school with my Aunt and knew my Father from Kentucky. He will be greatly missed but I know he is receiving his rewards in heaven and we will meet again someday.
