We little knew that morning

God was to call your name.

In life we loved you dearly,

In death we do the same.
It broke our hearts to lose you
The day God called you home.
You left us beautiful memories,
Your love is still our guide.
And though we cannot see you,
You are always at our side.
Our family chain is broken
And nothing seems the same,
But as God calls us one by one,
The chain will link again.
God saw that he was getting tired,
A cure was not to be .
So He put His arms around him
And whispered, "Come with Me."
With tearful eyes, we watched him suffer,
And saw him fade away.
Although we loved him dearly,
We could not make him stay.
A golden heart Stopped beating,
Hard working hands to rest.
God broke our hearts to prove to us
He only takes "the best"
Love your Sissy's

“ We are so sad that we have lost our dear friend, Bill. We met Bill in 1975 and we had some wonderful times together cruising Slappey in Bill's Camero, bowling, going to Panama City Beach. Bill formed a band and Kim played keyboard in it. Bill was a wonderful guitar player and singer. Our favorite song to play was Hotel California. Bill was the best man at our wedding. Bill had a heart of gold. He went all the way to Kentucky to bring us back our sweet Pomeranian, he loved Poms. When Kim's dad passed away Bill spent a lot of time with her mother, Betty. They so enjoyed discussing scripture and he always lifted her spirits. She loved Bill. Patsy, Mary, Mark and family, we are so sorry and our hearts are with you. We know that he is no longer suffering and that we will see him again one day.

“ *We were blessed to have had him with us for an all to brief time. We became like brothers and shared a lot of laughs, enjoyed a great deal of activities together before his disability deprived him of that opportunity. He will be greatly missed by not only me but of course Cindy and Mark his son. Though he was only with us a little over two years our house will have a great emptiness without him. We will forever remember you and love you. Your friend, Mark Overbey*
