“ *Sorry to hear of Bill's passing. I first met Bill in 1954 when I as a young 18 year old was beginning my employment at Merck & Co. Bill was the lab manager, and we all had contact with him as we carried process samples in for testing. He left the company sometime later and we lost contact for many years. Then, our friendship was reunited when I met him again in our daughter and son in law's Parts store. He became a regular at our Thanksgiving and Christmas Celebrations for many years. We missed him this past year! RIP Bill. Shirley and Raymond Gibson.*

“ It was so sad to hear of Bill passing. We had know him for many years & he was a daily visitor at our parts store for many years. After we closed the store we remained friends with him, helping him cut grass & other things. We visited him a week before his passing & found him cutting grass on his Tractor. He was a unique individual & it's hard to believe he's gone. Many fond memories. RIP Wild Bill.

“ Johnny and I were heartbroken to learn of Billy's death. We had seen him in the grocery store a couple of weeks before and stood and talked for a long time. He was his usual happy self. He had been a longtime friend and we thought the world of him. He put our sprinkler system in when we built our house in 1985 in hot summer heat and he never complained. He could find joy in just about anything and he passed it on to whoever was around him. He was a very special man and we will miss him very much! RIP dear friend.

“ *It was sad to learn today of Billy's passing away. We have fond memories of Billy, particularly during the early years after we built and moved in next door to him. We shared lots of laughs in those early years and found Billy to be quite entertaining to say the least. We know he will be missed. Frank and Sis, that our prayers are with you and the rest of your family in your loss.*
