“ I hadnt called "William T" for a couple of years. i think of him every now and then. I was looking up his phone # today and ran across his passing. We were room mates for a year in Greenland in the air force. We were like brothers. They came up to our home in Indana and i found him a 1970 dodge coronet rt which he and his brother drove for years and years. Brenda and I went to their home in Ga one time also. What a shocker about his passing. i can only remember good things about him. I was so happy to read that he had given his heart to the Lord. We are saved also. It is wonderful to know that we will see him again. I pray that the rest of you in his family will all give your hearts to Jesus as well. I know thats what William T has in his prayers. When you spend a year in the air force together, you form a bond that is eternal. We worked side by side together, we ate together, went to the nco club together etc. He really took alot of pictures in greenland. I still have several of them. We had a job in the evening working on stereo equipment at the base exchange. We had some of the best stereo equipment on the base. I met a C-141 in the middle of the night to get 2 of the newest and best sansui receivers available for us. We recorded records onto tapes for hours and hours. i know we recorded about 200 albums each. we both worked at the nco club in the coat check room. we got some really big tips some nights. One of our favorite sayings when we were talking was "oh man". Seams silly unless you were there. God bless W T's family and friends. I send my heart felt sympathy. Ed Schneider.

“ I worked with Tommy for the last 24 years and consider him to have been a very close friend. To all his friends and family Tommy will be greatly missed! But, the opportunity to share friendship with Tommy was a blessing while he was with us.

It is my understanding that Tommy gave his life to the LORD before passing, so I know we will meet again. MAY GOD BLESS ALL OF TOMMY'S FAMILY AND FRIENDS!
